Dear Water Customer,

This letter serves to notify you that the rates associated with providing potable water, recycled water and wastewater service to El Segundo's businesses and residents will increase on July 1<sup>st</sup>, 2015 in accordance with Proposition 218 that was approved by City Council earlier this year.

Attached are tables highlighting the existing and new rates and their effective dates for potable water, recycled water and sewer services. These rates are authorized under Ordinance No. 1501, which was adopted by City Council on February 3, 2015. All new rates will appear on your water bill following July 1, 2015. Please note that, due to consolidating rate structures, El Segundo's rates will now increase only once per year in July rather than the three annual increases implemented in previous years, which included July, October and January.

If you have any questions about these rate increases or your water bill, please call Water Billing at (310) 524-2319.

Sincerely,

Deborah Cullen  
Director of Finance
