

# EARTH DAY

## Challenge 2025

MARCH 4 - MAY 6

**HELP STUDENTS MAKE SUSTAINABLE CHANGE IN THEIR COMMUNITY!**

Don't miss this exciting and FREE opportunity for middle and high school students to develop their leadership and project management skills while learning about topics like air quality, water conservation, and more! **Top campaigns from eligible schools can win up to \$1,000 for their school or class to continue supporting sustainability efforts!**

### SIGN UP NOW!

[Click here](#) or scan the QR code to register and a team member will share the challenge portal with you.

Garfield High School students created posters, educating viewers on creating a healthier environment.

### TEACHER TESTIMONIAL

*"What I like about this challenge is that it was on a topic we were studying and the content felt more relevant and something students could actually tackle."*

-Valerie Z., Lincoln High School teacher

### READY TO USE CURRICULUM

You will have access to student facing activities, a Challenge Guide, and a Challenge Advisor from our team!

### FLEXIBLE TIMELINE!
